Waterway Guide Releases Southern 2008 Edition

Completely Updated With New Aerial Photography, Enhanced Bridge Tables

ANNAPOLIS, Md.—Oct. 5, 2007—Dozier's **Waterway Guide**, the only cruising guide on the market that is updated annually by experienced on-the-water cruising editors, today announced the release of its **Southern 2008** edition. The new 552-page edition, covering Florida coasts and Keys, as well as the Gulf Coast and Bahamas, has more than 11,000 updates and 800 comprehensive marina listings.

“This is the boating region of the country most subject to changing conditions—new marinas, bridge schedules, new regulations, shoaling inlets,” said publisher Jack Dozier. “Our up-to-date **Southern 2008** edition is the essential companion for cruisers who want to stay safe and have a good time.”

The **Southern 2008** spiral-bound guide with bookmarker flaps includes:

- 11,000 updates, including the most current mile-by-mile navigation information
- Additional bridge photos and color aerial photography with white-lined routes
- Enhanced bridge tables, GPS waypoints, distance charts and planning maps
- 800 comprehensive marina listings with chart locators
- Expanded anchorage information
- Updated Skipper's Handbook with timely, region-specific cruising essentials
- Comprehensive “Goin' Ashore” features on favorite ports along the way

The fall launch of the **Southern 2008** edition, along with the recently released **Mid-Atlantic 2008** edition, coincides with the fall migration of cruisers heading south. Two additional 2008 **Waterway Guides**, the **Northern** and **Great Lakes** editions, will be available in December.

With more than one million copies in circulation, Dozier's **Waterway Guide** has been America's most complete and trusted resource for cruising boaters for over 60 years. Each guide retails for \$39.95. In addition to the Guides, the company recently launched a new destination-focused magazine, *Waterway Guide Magazine* and unveiled an expanded, interactive Web site that features up-to-date cruising news and navigation information, helpful cruising resources and a lively discussion forum. Published by Jack and Craig Dozier of Deltaville, Va., **Waterway Guide's** production office is based in the historic Eastport section of Annapolis, Md.
